GENERAL CARE

WEARING JEWELRY

There are some basic guidelines when wearing jewelry:

Remove Jewelry During Household Chores

- When performing manual tasks, remove your jewelry to prevent physical damage or exposure to chemicals or cleaning fluids. Some chores that should be avoided when wearing jewelry include kitchen work, gardening, cleaning the house and other common household chores.

Makeup - Cosmetics, hairspray, perfumes and lotions can contain chemicals that can often damage jewelry. Putting jewelry on after applying these will limit exposure to jewelry and prevent any potential damage.

Swimming Pools and Spas - Chlorinated water can react with the metals found in jewelry causing color changes and even structural damage. We would strongly suggest that all jewelry is removed before entering the pool or spa.

Sports - Blows during sports can damage jewelry. All jewelry should be removed when in the gym, climbing or participating in any physical sport.

CLEANING JEWELRY

REMOVE YOUR JEWELRY BEFORE BATHING

Remove all jewelry before showering or cleaning. Soap can cause a film to form, making it appear dull.

USE JEWELRY POLISHING CLOTHS FOR BEST RESULTS

Polish silver or gold with a jewelry polishing cloth for best results. Use of tissue or paper towels can cause scratches because of fibers in these products.

SURCHARGES

Surcharges may apply for any customised work or for any sizes larger than mentioned.

FOR COAT OF ARMS/FAMILY CRESTS

Artwork from our database (if available) will be supplied to the customer for approval before crafting is started. If no Artwork can be found or the customer prefers a variation of the crest on our database the customer is welcome to supply their own image.

PLATING

Care must be taken with all jewellery especially items which have been plated for e.g. *BP2, BP6, BP8, C73, R108, R110, R122,*

E108, E112, E123, P108, P110, P112 etc. Plating will come off over time and it is dependent on the wearer's use to how soon this may happen. However no Jewelry especially plated Jewelry should be worn whilst swimming, washing, showering or whilst participating in anything physical (gym, gardening etc.) as the plating may come off much sooner.

PRODUCT LIFECYCLE

Boru have the right to withdraw any of its products from production without prior approval. On certain occasions Boru will phase out pieces over a period of time. Once items are depleted, Boru may charge an additional cost for reproducing obsolete/discontinued stock lines.
